Order History

IMPORTANT - Edwin / Anand / Nathan / Santo need to discuss integration with CBL to display invoice history that comes from CBL System. The Step below is the first step that can be achieved before this integration is done... as we are not sure how much time is involved to achieve the integration, for now we can just show customer order history for submitted WEB orders.

Updated Order History Page See below

User can filter by User and Order Date.

When Customer clicks on Calendar Icon a calendar will pop up so that the customer can select the date range. (see below for example)
