

File

FILE/PROFILER FINISHING

Reduced weight, portable finishing file increases grinding volume by as much as 20%. Special plastic grip and light weight improve operator comfort. Applications include trimming, filing in narrow spaces, chamfering, sanding and groove finishing. Equipped with set of 4 different files for all types of work. Uses the same files as the SH-100A.

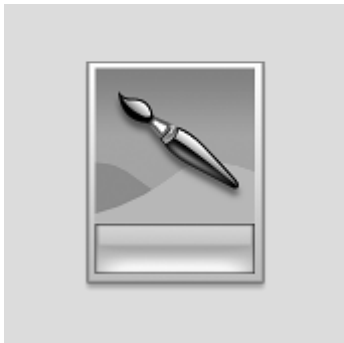

CAT #	Stroke Speed	Stroke	Shank Diameter	Length	Weight	Avg. Air Consumption	Price	Price Type
ASH-800	6500 B/min.	5/16"	7/32"	7-1/2"	1.15 lbs.	8.1 cfm	\$360.00	Each

Angle Grinder

GRINDER RIGHT ANGLE

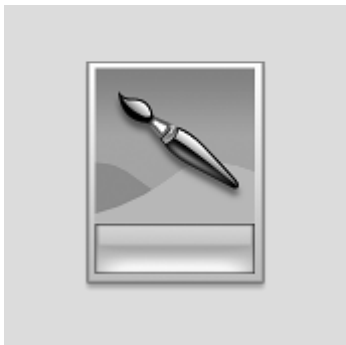

Features a steel housing and safety lever. Durable right angle grinder used for grinding, deburring and blending. Features a wick-type lubrication system and spiral beveled gears. Equipped with 5" guard and dead handle.

CAT #	Capacity	Free Speed	Spindle Thread	Maximum HP	Length	Weight	Air Inlet Thread	Avg. Air Consumption	Price	Price Type

CP-337-RAF	\$187.50	Each
CP-337-RAN	\$225.00	Each

Angle Impact Wrench

IMPACT 1IN ANGLE OUT TRGR

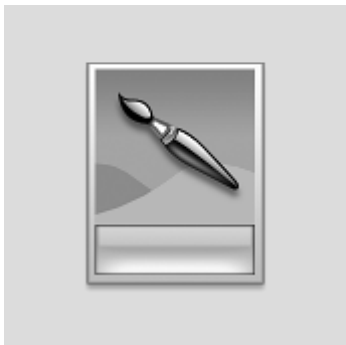

Features a through-hole anvil. This 90° angle impact will perform with a gear assembly designed to bear heavy pounding. Used anywhere a straight type won't reach. Offers the ultimate in power for hard, big, tough nut-running jobs in hard to reach areas with a minimum of clearance. Uses brass end plates for longer wear.

Blind / Pull Riveter

RIVETER BLIND 3/8IN

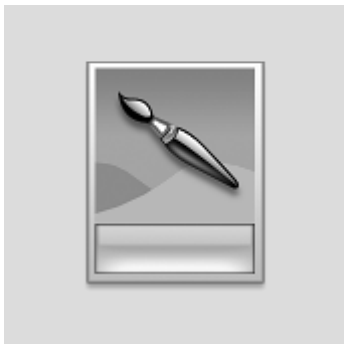

Fast, versatile and rugged. Ideal for installing a wide variety of Huck-Bolt Fasteners and Lock Bolt Fasteners from 3/16" to 3/8" diameter, plus Huck Blind Fasteners up to 1/4" diameter, at a speed of 20-30 fasteners per minute. Great for limited clearance installations. Hold down trigger, cycle is repeated until fastener is installed. Release trigger and it stops. Sold without nose assemblies.

CAT #	Capacity	Head Length (w/o nose assy.)	Head Width	Height	Weight (w/o nose assy.)	Avg. Air Consumption	Price	Price Type
353	3/8" Blind Fasteners	3.69"	1.44"	12-3/4"	15 lbs.	30 cfm	\$2,195.00	Each

Air Nibbler

NIBBLER

Abrasive Tools

Air operated portable nibblers are used where safety is a prime factor, such as oil refineries, chemical plants and other areas where electricity cannot be used because of hazardous atmospheres. These nibblers offer the same metal-cutting advantages as the electric models. Adjustable stripper for variable material thicknesses. Easily resharpened punch and die. Supplied with extra replacement punch. One year factory warranty.

CAT #	Capacity	Cutting Speed	Minimum Radius	Weight	Price	Price Type
AN2000	Mild Steel (0.093") 13 ga. Stainless (0.078") 14 ga. Aluminum (0.125") 1/8"	55"/min.	1"	7 lbs.	\$1,735.00	Each

Electric Nibbler

NIBBLER ELECTRIC

110 volt portable electric nibblers are ideal for burr-free metal cutting of straight or curved lines and notching with no distortion of the metal sheet or plate. Tools are perfectly balanced for cutting and operator efficiency. Adjustable stripper for variable material thicknesses. Easily resharpened punch and die. Available in 220 volt for no additional cost. One year factory warranty.

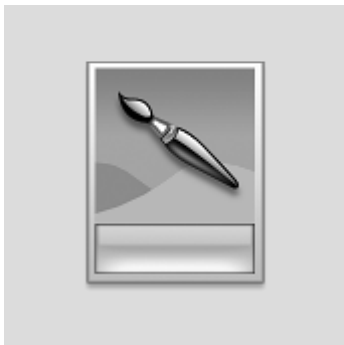

CAT #	Mild Steel	Stainless	Aluminum	Cutting Speed	Minimum Radius	Weight	Price	Price Type
N1000-0	0.375"	(0.194") 6 ga.	0.500"	39"/min.	16"	32 lbs.	\$5,500.00	Each

Electric Nibbler

BEVELER ELECTRIC

110 volt portable electric nibblers can significantly reduce the costs of metal cutting operations. Ideal for cutting straight or curved lines in sheet metal. Cuts most sheet metal and plate without distortion, and with only minimal deburring required. Well balanced for operator efficiency. Unsurpassed beveling speed. Prepares plate and pipe for welding. Easily adjustable. One year warranty.
